

PHYTO-X[®]
SYSTEM

STANDARDISED • FULL POTENCY

BLACK COHOSH ROOT EXTRACT PLUS

(*Cimicifuga racemosa*)

60 VEGETABLE CAPSULES
SUITABLE FOR VEGANS

Solgar's Standardised • Full Potency (SFP) herbs are developed through a unique process that integrates the ideologies of both traditional herbology and standardised herbal technology. To ensure consistent and reliable phytonutrient levels, we isolate a controlled amount of these important plant compounds. Then, we blend these enhanced, "standardised" compounds with all of the components that occur naturally in the whole raw herb. The result is a premium-quality standardised herbal extract with all of the synergistic and valuable qualities found in nature.

The product is free of sugar, salt, yeast, wheat, dairy and animal products and is formulated without the use of artificial preservatives, colours or odours.
